Bloomstack AI Interactive Expo on Gatherly

Where AI leaders and the ecosystem meet.

Thursday, April 30, 2026
11AM – 5PM ET

Overview

The Ultimate Digital Convention Experience!

You've sat through enough virtual "networking events" where the best you got was a LinkedIn request that went nowhere. You've left webinars wondering why you bothered. You know AI is moving fast – and you're tired of watching from the sidelines while everyone else seems to have the connections, the insights, the access. This is different.

This AI expo is hosted in an **immersive multi-floor venue** that's built for exploration, discovery, and high-signal networking.

Walk the floor. Stop at booths. Have real conversations with founders, operators, and investors – without booking a meeting or typing into a chat box.

Join **Bloomstack** and today's leading AI innovators to find what's actually working – the tools, the builders, the opportunities – and make the connections that turn watching into participating.

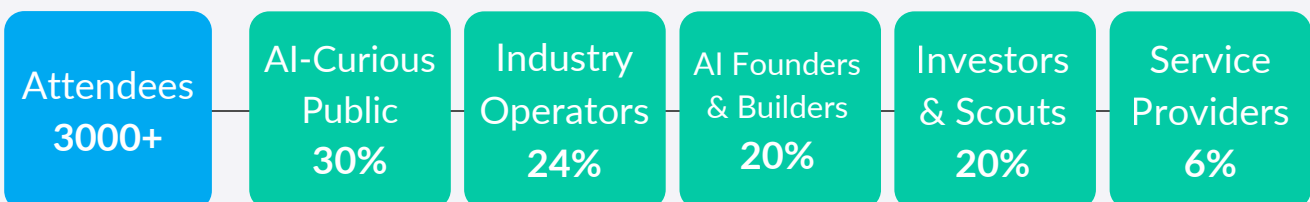

The event is highly interactive – not just passive content.

Why this Expo Is Different

The experience feels closer to an in-person convention – without the limitations.

- **Life-like digital venue** with multiple floors and spaces
- **Organic networking** – walk up to people, join conversations naturally
- **Interactive AI company booths** – talk to founders, see demos
- **Keynotes and Spotlights** from renowned AI builders
- **Intentional networking zones** – curated conversations, not random matching
- **No Zoom fatigue** – cameras on, real interaction, asynchronous engagement

The screenshot displays the Gatherly interface. At the top, there's a navigation bar with icons for Information, Floor Directory, Photo Booth, Notifications, and More. A 'Get Gatherly!' button is on the left. Below the navigation, a 'SIGN UP' button is visible. The main content area shows a booth for 'naturalchoice MEDICAL CLINIC'. The booth text includes: 'We are looking for a Cancer-focused Naturopathic Doctor and Naturopathic Student Externs', 'Fill your schedule with the support of an established clinic.', 'As a Naturopathic Doctor associate at Natural Choice Medical Clinic, you would have access to our fully accessible clinic space situated in the heart of Downtown Guelph.', 'We are one of Guelph's largest complementary health clinics offering access to a professional, multi-disciplinary, collaborative team environment with a structured mentorship program for new associates. And we have an adorable therapy dog! Check out our team here: <https://naturalchoicemedicalclinic.com/our-team/>', and 'Our clinic is unique in many ways. We have an incredible clinic culture of friendly, positive and supportive clinicians and staff, a forward thinking mentality, comprehensive coverage of therapeutic modalities to fully support the patients of the clinic, a team-based approach to patient care, only the highest quality and skilled clinicians and an exceptional customer service team.' Below the text are three video chat windows for 'Celia', 'Casio', and 'Mary'. At the bottom, there are icons for microphone, video, hand, lock, and share. To the right, a 'Floor 5 - Quebec Clinics' section shows a map of the venue and a list of floors with their respective visitor counts: Floor 1 - Welcome Lobby (3 people), Floor 2 - GTA Clinics (33 people), Floor 3 - Calgary Clinics (25 people), Floor 4 - Saskatchewan Clinics (14 people), Floor 5 - Quebec Clinics (34 people), and Floor 6 - BC Clinics (17 people).

About Bloomstack

Bloomstack AI is a next-generation multi-agent AI platform designed to help teams and businesses collaborate more effectively with artificial intelligence.

Instead of relying on a single “black box” model, Bloomstack uses a **multi-agent, human + AI collaboration** framework that lets multiple AI agents and large language models work together, with full visibility and verifiable results.

This “glass-box” approach aims to reduce errors, increase trust, and enable strategic decision-making by orchestrating complex workflows and delivering actionable insights.
