Discover more with CDD Vault

Intuitive system ✓

Say goodbye to clunky software with bloated features that don't work. CDD Vault is easy to use for everyday scientists with elegantly designed functionalities that accomplish exactly what you want.

Minimal IT Requirement ✓

Save time to make discoveries, not maintain servers and program databases. CDD Vault is a hosted, out-of-the-box solution that makes it a breeze to administer for any organization.

Best-in-class support ✓

Tired of talking to incompetent tech support and going in circles? The CDD AI Support ChatBot provides 24/7 immediate responses while the expert Support A-Team provides a warm human touch.

Seamless integration ✓

At CDD, we don't pretend to be everything for everyone. We provide a RESTful API with clear documentation to enable you to integrate with other applications in your workflow.

"CDD Vault has been an invaluable resource for our team. Its intuitive operating system allows us to view essential chemistry and biology data at key points of our project lifecycles."
