Bloomstack

AI Interactive Expo on Gatherly

Event Partnership Opportunities

Thursday, April 30, 2026
11AM - 5PM ET

Overview

The Ultimate Digital Convention Experience!

You've sat through enough virtual "networking events" where the best you got was a LinkedIn request that went nowhere. You've left webinars wondering why you bothered. You know AI is moving fast – and you're tired of watching from the sidelines while everyone else seems to have the connections, the insights, the access. This is different.

This AI expo is hosted in an **immersive multi-floor venue** that's built for exploration, discovery, and high-signal networking.

Walk the floor. Stop at booths. Have real conversations with founders, operators, and investors – without booking a meeting or typing into a chat box.

Join **Bloomstack** and today's leading AI innovators to find what's actually working – the tools, the builders, the opportunities – and make the connections that turn watching into participating.

The event is highly interactive – not just passive content.

Audience Composition

Registration

Explorer Pass - **Free** | Professional Pass (VIP) - **\$99** | Exhibitor Booths - **\$299** |
Exhibitor Booth PRO - **\$599**

Important Notes

- All partnerships are curated to ensure alignment and value
- Speaking topics and formats are collaboratively shaped
- Custom packages may be available for strong strategic fits
- Quantities are strictly limited per tier

Event Promotion Reach

- Bloomstack global community
- Gatherly global community
- LinkedIn paid promotion

Combined promotional reach: **200,000+** professionals

Promotion Channels

- CEO Networks
- AI Community Networks
- Investment Capital Networks
- Higher Education Networks
- Professional Networks in HR and Tech

Presenting Partner Floor Example

Presenting Partners receive a branded networking floor where attendees gather to interact with each other and discover your product.

- **Important Note:**
 - The Gatherly Events Team meets Presenting Partners for dedicated calls to **curate** and **co-design** the partner networking floors.

The Partner Booth Experience

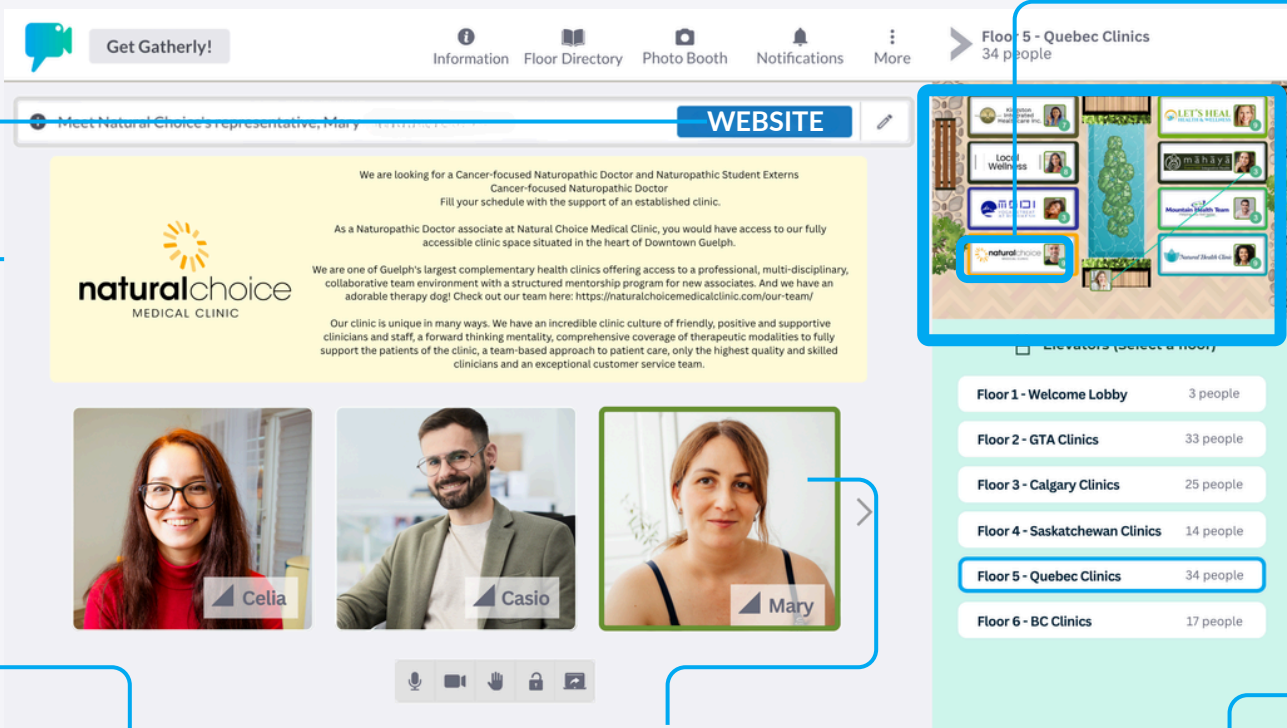

Attendees will organically experience your brand - just like in-person!

Direct booth visitors to custom links

Track visits to your site, LinkedIn page, or product demos

Dedicated partner booths to engage

Booths are complete with custom links and embedded content. All booth traffic is tracked and shared back with partners post-event.

Share relevant content

Each partner booth is embedded with either videos, graphics, or website iframes.

Allow reps to staff your booth

Real-time video interaction with up to 20 participants per booth at a time.

Feature highlights: live polls, Q&A, announcements, demos/links, hand-raising, moderated audio

Gain exposure on the Partners Floor

A designated floor for event partners, separate from expo booths.

About Bloomstack

Bloomstack AI is a next-generation multi-agent AI platform designed to help teams and businesses collaborate more effectively with artificial intelligence.

Instead of relying on a single “black box” model, Bloomstack uses a multi-agent, human + AI collaboration framework that lets multiple AI agents and large language models work together, with full visibility and verifiable results.

This “glass-box” approach aims to reduce errors, increase trust, and enable strategic decision-making by orchestrating complex workflows and delivering actionable insights.
