

SPONSORSHIP & PARTNERSHIP OPPORTUNITIES

Partner With the Counter-Movement

Sponsorship & Partnership Opportunities
The AI Epidemic: Building for Life Summit
June 11, 2026

A curated gathering of builders, funders, educators, and advocates
working at the intersection of technology and human flourishing.

This is not traditional sponsorship. It is participation in the mission.

bloomstack.com/lifsummit

WHY PARTNER

Your Brand, Aligned with Purpose

We partner with a small, curated group of organizations whose work supports technology that serves human flourishing. This is not a logo dump. Every partner is here because they belong here.

200,000+

Combined promotional reach across Bloomstack, Gatherly, LinkedIn, and mission-aligned networks

Hand-Selected

A curated audience of parents, educators, founders, advocates, and executives — people who act

Mission-Filtered

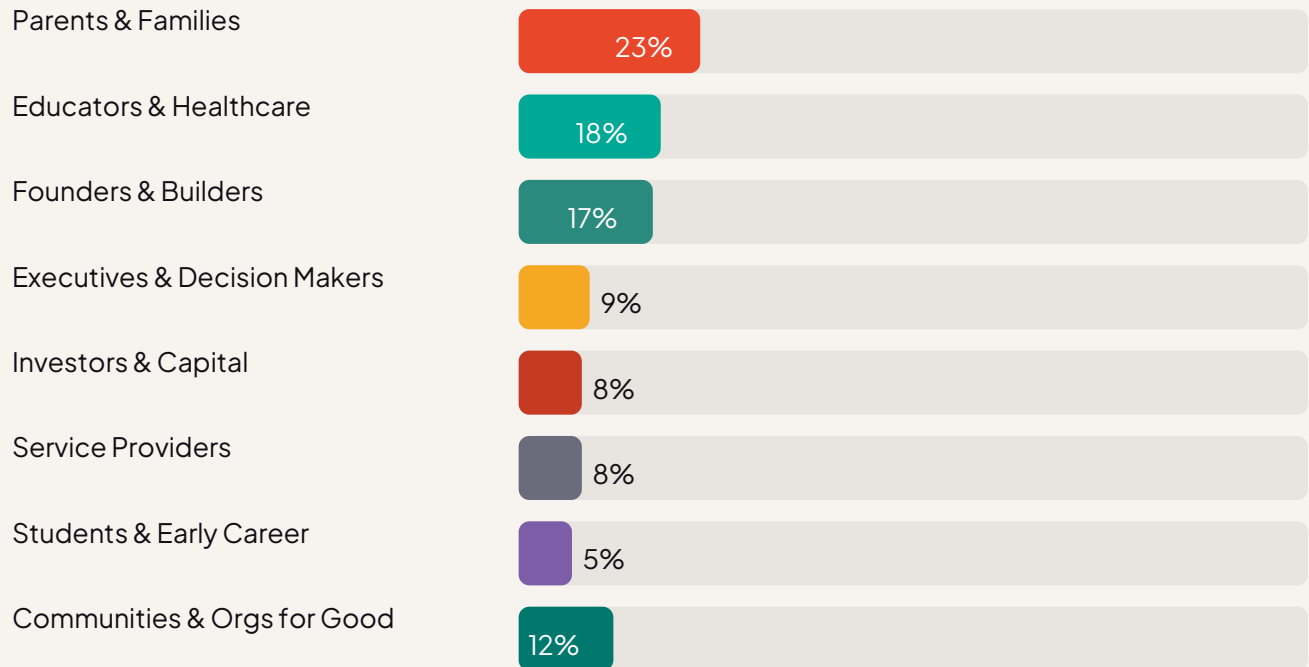

Mission alignment is the filter. Every attendee, sponsor, and exhibitor passed the same bar.

Promotional Channels:

- Bloomstack community
- LinkedIn paid promotion
- AI Community Networks
- Mission-aligned advocacy networks
- Gatherly global network
- CEO Networks
- Higher Education Networks

AUDIENCE

Who You'll Reach

Audience Profile

Tech-aware, values-driven, globally distributed (22-55+), with strong interest in building technology for human flourishing. These are the people who write checks, make decisions, and spread ideas.

BOOTH EXPERIENCE

What Your Booth Looks Like

On Gatherly, your booth is a live, immersive space — not a video link or a landing page. Visitors walk up, video activates automatically, and your team can move freely across all floors.

01

Real-Time Video

Speak with up to 20 visitors at a time, cameras on, no scheduling required

02

Custom Content

Embed videos, graphics, or website iframes directly inside your booth

03

Trackable Links

Direct visitors to your site, demo, or LinkedIn — all traffic tracked

04

Live Engagement

Polls, Q&As, announcements, demos, hand-raising, moderated audio

Platform Note

Gatherly runs entirely in the browser. No download required. Recommended: Google Chrome with camera and microphone enabled.
